Sexual ASSAULT

RAPE CRISIS CENTER

A Better Way's rape crisis center is open 24/7 to survivors of rape or sexual assault. We provide professional, confidential emotional support and legal advocacy. We are here to listen.

SART

Our advocates respond to cases of sexual assault at the hospital and provide support to survivors throughout the entire process, including the forensic medical exam and follow-up.

EMOTIONAL SUPPORT

Support Group: Our Sexual Assault Support Group meets every Monday night, except on holidays. The group is facilitated by a victim advocate and/or a sexual assault counselor. A children's group is provided during support group hours.

Individual Support: Professional counselors are available to provide compassionate trauma-informed care; emotional and behavioral services include assessment, individual counseling, and referral to higher levels of integrated care as needed.

LEGAL ADVOCACY

Our advocates provide essential sexual assault resources to survivors, including accompaniment to court, assistance with protective orders, legal rights education, and overall guidance throughout the legal process.
